SETTING AN INTENTION

A guide to keep us grounded and connected even though we are all spread out and meeting virtually. When you find your mind wandering and trying to clutter itself, return to the intention you set today.

EXPERIENTIAL LEARNING

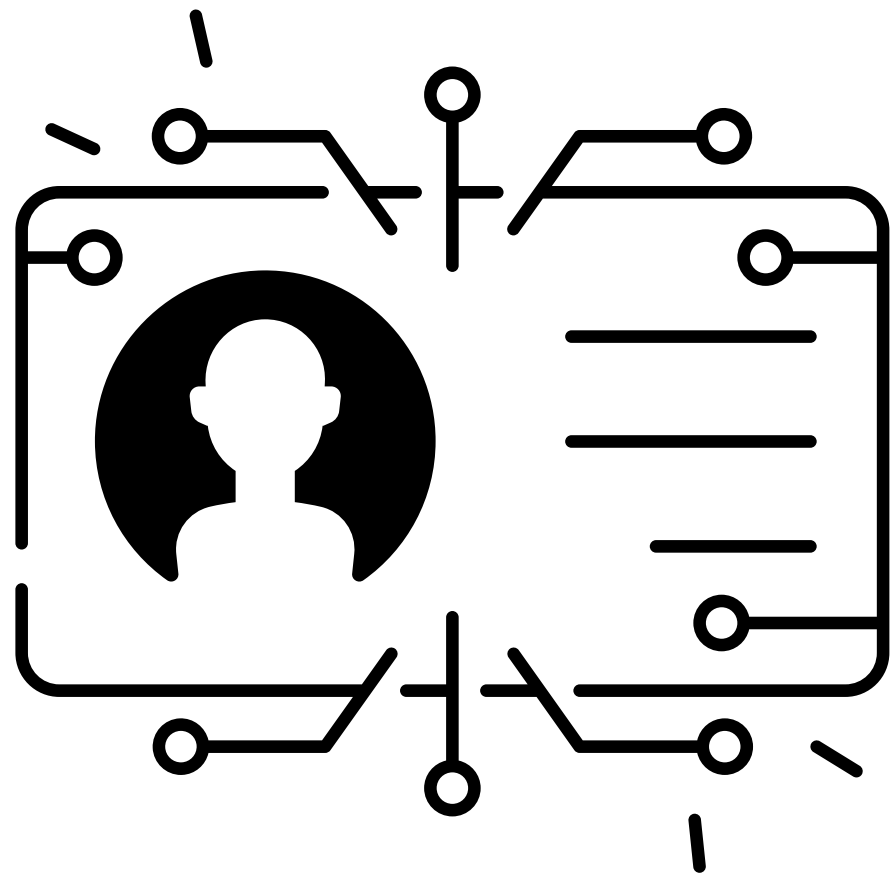

SOCIAL LEARNING

FORMAL LEARNING

POSITIONALITY

Throughout summer training, we ask Fellows to think about their identity and how it relates to their work with their teammates and students. That is one reason we added the cycle of socialization early in the curriculum so that it is a topic that can be revisited throughout the training this summer.

INDEPENDENT & SYNCHRONOUS

CONNECTION

Many trainings have
Independent sessions that
directly link to a synchronous
training

- Designed this way to allow different learners to engage in their own learning

- Allows us to align on content and share out key knowledge in a synched way

- Takes some facilitation lift off Programs

- Allows synchronous sessions to be focused on reflection and application

CONNECTION

The scope and sequence of the trainings is intentionally built to provide the Fellows with a scaffolded learning experience, where information builds in complexity over the 11 days.

Purpose

In general, mock tutorials are an opportunity for Fellows to practice applying the skills they are learning throughout training before being in front of students. Mock tutorials allow Fellows to observe their peers and learn from each other. Additionally, mock tutorials allow Fellows to experience some of the coaching they will receive throughout the school year.

The purposes of the do now and ticket to leave mock tutorials are:

1. Build Fellows' confidence with facilitating their first mock tutorial
2. Create a culture of feedback and growth with your site team
3. Reinforce best practices for high-quality tutorials, building healthy relationships with students, and leveraging Saga Connect tools

23-24 FELLOW TRAINING DOP CHECKLIST & RESOURCES

- DoP To-Do List
 - Copied last year's copy
 - Removed content no longer relevant
 - Added/adjusted items (in purple)
- Updated Schedules (1-5, 6-11)
- Lots of planning resources from your regions!

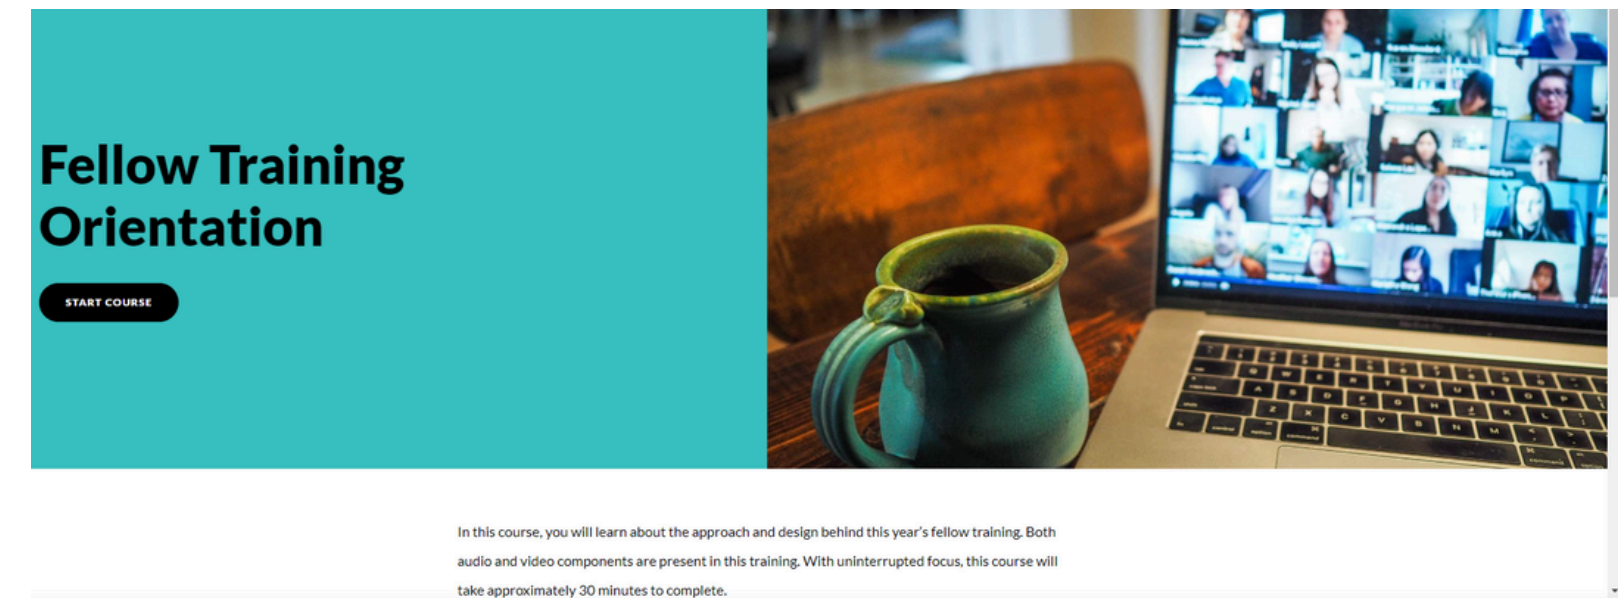

REVIEW

- **5 min.** Independent review of DoP To-Do List & Resources (recommend focus mainly on DoP To-Do List)
- **5 min.** Whole Group Discussion

INDEPENDENT SESSION

- We've added the independent "Fellow Training Orientation" session to the SD and LC paths.
 - This will walk them through the intentionality behind changes made to Fellow Training as well as an overview of key resources.

SYNCHRONOUS SESSION

- You will have access to all slides shared this week in Google Slides.
- Would it be helpful if we updated the synchronous portion of the course to reflect structural changes and recommendations?
 - By when would you like this?
 - In what method do you prefer we share this?
