INTRODUCTION TO EQUITY AND INCLUSION

EQUALITY VS. EQUITY

EQUALITY VS. EQUITY

EQUALITY:
Treating everyone
equally regardless of
circumstance or needs

EQUITY:
Acknowledges that
people have different
circumstances and
require different levels
of support to reach the
same goals

EXAMPLE

EQUALITY:
Giving every student the
exact resources &
support

EQUITY:
Allowing extra time,
assistive technology,
additional one-on-one
tutoring

DIVERSITY VS INCLUSION

DIVERSITY VS INCLUSION

DIVERSITY:
The presence or
acceptance of
differences

INCLUSION:
The intentional act of
ensuring that everyone
is valued and included

EXAMPLE

DIVERSITY:
Recognizing the
diversity amongst your
students by celebrating
cultural holidays

INCLUSION:
Adapting classroom
materials and teaching
methods to reflect the
identities and
experiences of all
students

Equity and inclusion go beyond diversity and equality by ensuring that everyone has the support they need to thrive in diverse environments.

Build-a-Leader

- Think of the core values, key skills, leadership styles, and sayings they would need to thrive in an inclusive environment.
- Use the blank bear broken into sections to create your “ideal leader.” Add words, drawings, or symbols to represent their qualities.
- You can choose to work individually or pair up with a partner.
- After 15 minutes, we’ll rejoin the main room and discuss the qualities that make a great leader in an inclusive, equitable environment.

TIME FOR A

BREAK.

CAREER READINESS

TM

HOW DOES EQUITY & INCLUSION IMPACT CAREER READINESS?

- How you treat others can impact your personal brand
- Diverse environments can positively impact your career readiness because you are constantly experiencing new cultures and ideas
- Helps you to become more open-minded which allows opportunities for new ideas
- Potential opportunities for you to advocate for injustices that are taking place in your work environment or community

PRACTICE INTERVIEWS

- You'll be assigned to breakout rooms with a partner.
- Each person will ask their partner 2 DEI-related interview questions from the list I'll provide shortly.
- Spend 5 minutes each interviewing and answering.
- Be mindful of the time so both partners have equal opportunity to ask and respond.
- To save time, whoever's name comes last in alphabetical order will ask first.
- After the breakout, be ready to share one key takeaway or insight you gained from your conversation when we return to the main room.

HOW DID YOU DO?

- **Demonstrate Self-Awareness**
- **Show Commitment to Learning**
- **Provide Specific Examples**
- **Focus on Collaboration**
- **Address Challenges Head-On**

ROUND 2- PRACTICE INTERVIEWS

- Choose a question to re-answer applying the tips.
- Then you'll be going back into the same breakout rooms.
- As your partner responds, assess which tips they incorporated.
- You'll be in breakouts for 10 minutes

TAKEAWAYS

ANY QUESTIONS?

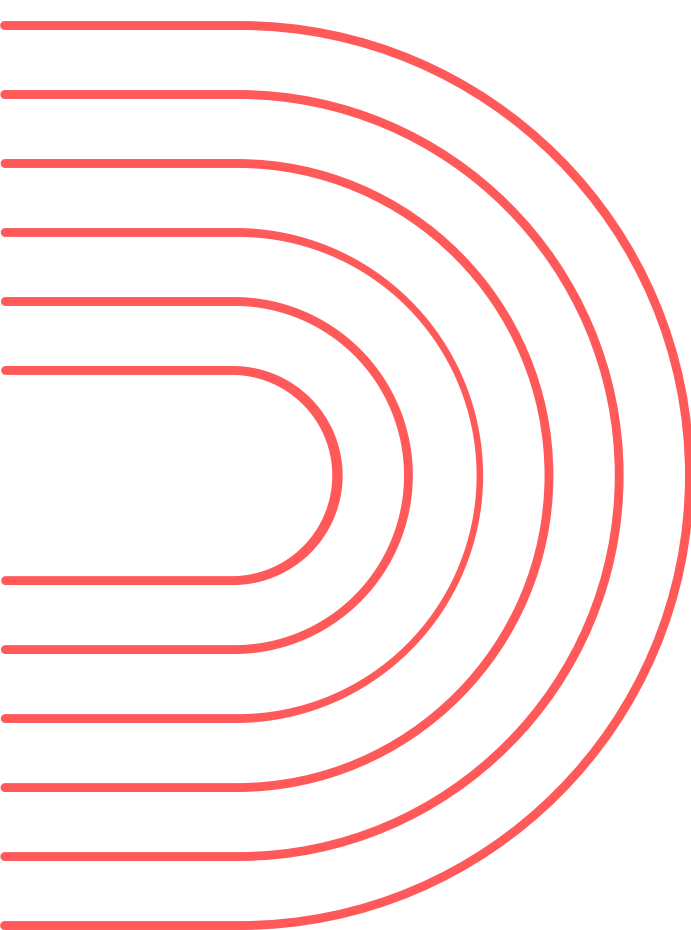

To prepare, for this afternoon:

- **Read the 2 articles**
- **Make a Copy & Complete: Preparing Your Scenario**

Optional:

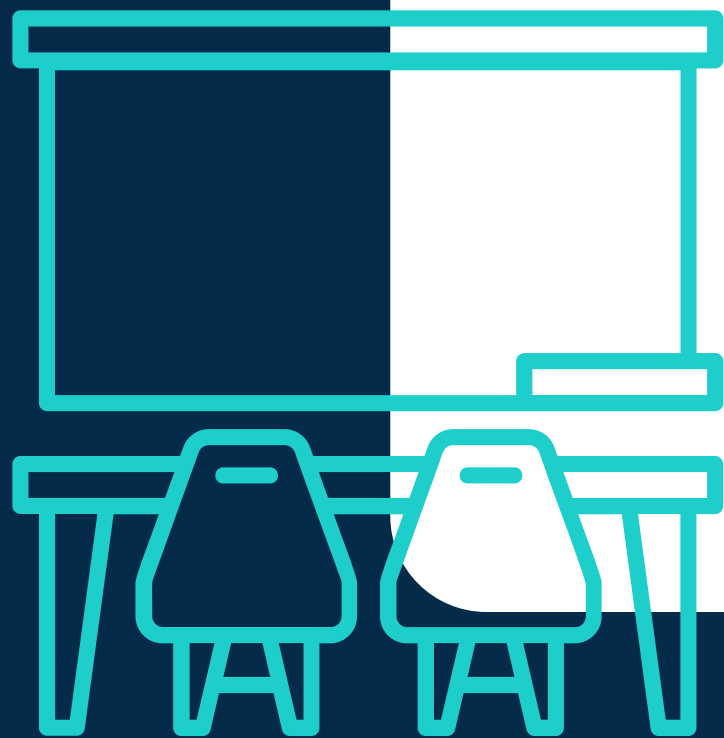

- **Review- Lesson assignments on Inclusive Spaces**

EQUITY & CLASSROOM MANAGEMENT

THOUGHTS?

- Did you like or dislike the articles? Why?
- Do you have recommendations for another article related that you'd like to share?
- Was there something you learned or something you already knew that was reinforced?
- Any questions you might have?

Breakout Rooms

- **In your group (3-4 Fellows) you'll have 30 minutes to discuss your scenarios and gain feedback.**
 - **7-10 minutes per scenario (2 mins to share context of scenario + 5-8 mins to gain feedback)**
 - **Choose a facilitator (moves along conversation, time keeps)**
- **When we return to main room, you will have the opportunity to discuss any scenario from your breakout if you'd like extra feedback.**

10 MINUTES

TM

CLOSING

- **WRITE DOWN ONE ACTION YOU WANT TO COMMIT TO DOING OR NOT DOING AS IT RELATES TO CREATING AN INCLUSIVE ENVIRONMENT YOU HEAD BACK INTO THE CLASSROOM TOMORROW.**
- **SURVEY**

Thank you!
